Care Services

Compassionate CARE for your loved ones

While we all want what's best for our elders, we understand that sometimes life gets in the way. Giving your aging parents the care and assistance they require while juggling your own work-life routine can often be an overwhelming challenge.

PlumRus' affordable and personalised HOME-BASED CARE, DAY CARE and RESPITE CARE SERVICES provide peace of mind that family members are left in the capable hands of our qualified and compassionate caregivers.

PlumRus has an enviable track record for designing and delivering integrated and tailor-made CARE SERVICE packages, providing a personalised alternative to elderly care in retirement homes. These packages allow you to embrace your caregiving choice, giving your aging family members access to the best basic skilled care in the comfort and familiarity of their own homes.

Services are geared towards the frail and elderly with multiple chronic health conditions inclusive of certain post-surgery rehabilitation and palliative care. We also offer care to persons who are physically capable but lonely, grieving or yearning for companionship.
